## Scholarship Application

The MTS Board has established a Scholarship Fund for the purpose of helping to further the education of La Plata County High School graduates. We are a faith-based organization that encourages participation of all faiths. What makes our scholarship unique is the qualification of an applicant being involved with your faith of choice.

Applicants do not have to be a Methodist, but the first qualification for eligibility is that you are actively involved with your faith.

*We are looking for students who believe it is important to have a faith-based life and have kept their involvement through their high school years. We want to know who you are, how you are involved with that faith and how that has helped you in life.*

Applicants will be selected based on the following: faith involvement, leadership, community service, extra-curricular and personal attributes. This is a non-renewable, one-time scholarship.

Letters of recommendation from faith leaders are *required* to help the selection committee better learn about how the applicant is involved with your faith.
